

## 0714size DC5V waterproof neon led tube

### Advantages

- 1) High brightness of over 1600mcd
- 2) Led type: 3939 RGB led lamp with copper bracket and gold wire
- 3) Low working voltage requires
- 4) Very lower output power : 0.06W per LED
- 5) Easy to control, controlled by standard SPI protocol
- 6) Cutting unit every 1 led
- 7) Controller system: Art-net, Off-line or on-line TTL led controller-USB control-app-remote control optional
- 8) 100pcs led per string with 10meter long -one power input -no voltage drop issue

Add: No.53 Yuexing Rd, Guanlan Street ,Longhua District,Shenzhen, China 518110

### Parameter

Model	RL-STR-WS2811-3939RGB--30P-5V
Lighting Source	3939 RGB LED CHIP
Working Voltage	DC5V
Output Power	0.06Watt per led
Pixel pitch	3.3cm / 5cm/ 10cm/ 15cm (optional)
LED Quantity	30 LEDs per meter
Luminance (mcd)	1600MCD per led
IC chip	WS2811
Waterproof Grade	IP65
Cable colour	Clear / Green /Black (optional)
Warranty	3 Years
